

Porcelanosa Debuts At Chicago's LuxeHome

Chicago — Porcelanosa, a supplier of tile and related kitchen and bath products, will make its debut at LuxeHome in Chicago this summer, company officials announced.

Porcelanosa will occupy 7,800 sq. ft. of space in Suite 149 of LuxeHome, which is located on the first floor of the Merchandise Mart, and houses an expansive collection of luxury boutiques for home building and kitchen/bath renovation.

“Porcelanosa is an exciting addition to the LuxeHome collection,” said Katherine Flaherty, v.p./building products and special projects for MMPI.

“They are a pioneer in the industry and will provide access to innovative European tile and kitchen and bath products,” she added.

Founded more than 30 years ago in Spain, Porcelanosa operates 400 company-owned showrooms, distribution centers and a network of independent distributors and retailers worldwide. The company supplies ceramics, parquet, bathroom and kitchen furnishings, spas, bathroom fixtures, accessories and related products.
